H850 Video Conferencing

JOYUSING

H850 is a kind of all-in-one 4K ultra HD video conferencing with intuitive plug and play USB display. Built-in imported HD all-in-one chip and equipped with 1/2.5" high quality sensor and 4K Ultra HD lens, H810 is capable to stream at up to 3840*2160P at 30FPS. Benefit from the built-in microphone arrays and full frequency high fidelity speaker, the video and audio from the H850 can be carried on real-time sychronization with sharp images and clear voice. It is widely used in video conferencing, distance learning, surveillance, medical conference, distant conference, training agency, court proceedings, Internet communication, etc.

Feature Highlights

- 1/2.5" Sensor CMOS
- 2.4K EPTZ HD camera
- With 5x digital zoom
- 120° Large wide-angle lens
- Built-in pickup microphone array, 360° omni-directional pickup, and 5M pickup radius
- Built-in full frequency hi-fi loudspeaker. It comes handy to purify the background noise and stream with clear and stunning clarity.
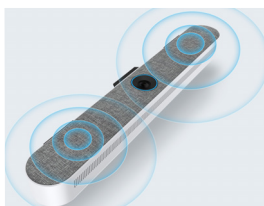

More Details

4K EPTZ Camera
