

N1050 2K Webcam 4-in-1

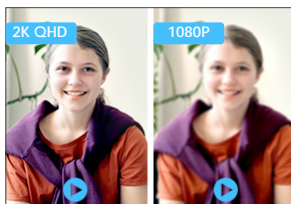

The N1050 is a quad 2K HD webcam built-in microphone and speaker for professional video and audio. The adjustable ring fill light range from 0%-100%, a kind of supplementary light, is mainly used to lighten shadows in an image so that you can get an ideal lighting environment. Also, the webcam comes with a built-in privacy cover to protect your privacy and security.

Feature Highlights

- Quad HD 2K image sensor
- Built-in mic and speaker
- Adjustable ring fill light
- With a built-in privacy cover to protect your security
- 120° diagonal field of view

More Details

Quad HD 2K Image Sensor

A 5MP CMOS sensor provides a resolution of 2560x1440 at 30fps with crystal clear images and videos.

Built-in Noise-Cancelling Mict

Even in noisy environments, your voice can be heard clearly as if you were talking face-to-face.

Built-in Speaker

No extra speaker is required. You can directly hear sound during video calls.

Built-in Fill Light

Just scroll the adjustable button to control the brightness and illuminate the deep shadows caused by the main light.

Multiple Ways to Mount

A desktop tripod is also included to meet a variety of usage scenarios.

Protect Your Privacy

Not only is it used to keep the lens from dust and dirt, but it also comes for privacy and security.
